

ADA American Dental Association®

Give Kids A Smile® is an annual national event where dentists volunteer their services and time. The goal of this event is to give free dental services to children without dental insurance.

Manor Kids Dentist (the only pediatric dental specialist in Manor) is proud to host Give Kids A Smile® on Saturday, February 8, 2020.

Our team will be offering FREE dental exams, dental cleanings, fluoride, and sealants to selected Manor ISD scholars. Only middle and high school Manor ISD scholars without dental insurance will be able to participate. Scholars having private insurance, Medicaid, and/or CHIP may not participate.

Spaces are limited and only scholars with appointments will be seen at our office. If your child meets the above requirements and you would like your child to participate, contact our office to schedule an appointment. Please mention Give Kids A Smile® when calling.
